

Cast Iron Modular Wall Unit

Description

The Cast Iron Wall Unit from D.B. Imports is a stylish and multifunctional display fixture for any retail or commercial space. This modular unit features a brushed iron frame with five glass shelves that can be adjusted according to different merchandise needs. A sturdy, secure design allows you to confidently put heavier items on the bottom shelves while still keeping them visible and making sure they're protected from dust and dirt. It is also designed to be able to attach to walls. The Cast Iron Wall Unit is an ideal choice for retailers looking to create more out of limited floor space while displaying their products in an attractive way.
