

## Nesting Table/ Coffee Table

### Description

Our nesting table from D.B. Imports is the perfect addition to any living room or office space, with its wooden tabletop and freestanding metal base with four legs for extra stability. The wooden tops provide an attractive yet modern look, while the sturdy metal frame provides additional support and durability. This piece is great for adding extra space when hosting guests without taking up much surface area and can be stored away when not needed. Pair this item with its larger companion, our standard height table (item 4353) and riser table (item 4368) to create a three tier surface display that will instantly enhance any decor.
