

Table Riser

Description

Introducing the wooden table riser from D.B. Imports. This amazing piece of furniture is made with distressed pine wood with a metal base, giving it a unique yet timeless look that will instantly elevate any room or space. The strong, durable metal frame ensures lasting stability while still adding a touch of modern style to your decor. Perfect for creating additional display area in an entryway, retail space, hallway or living room, this table riser adds subtle texture and dimension to any decor! Add height, visual interest and additional merchandising area with the riser table on our table (item 4353), island (item 4354) or any of our size compatible tables.
